Front-end Web Developer

Motivated and proficient Frontend developer with experience in developing creative website design, using JS, React.js and other technologies. Skilled in HTML, CSS, Sass, OOP concepts, database connection, multi-threading. Experienced in working with agile methodologies and collaborating with cross-functional teams. Having a keen eye for details and the ability to think outside the box when it comes to problem solving. I'm always eager to learn new technologies and stay up-to-date on the latest trends in the web development

EXPERIENCE

I have experience in building projects of different functionality such as e-commerce, platforms, static and dynamic websites.

- Frontend Developer at Sintac Code Company
 - currently developing and maintaining web applications using JS, React.js and other technologies.
 - Collaborating with backend developers and designers to create user-friendly and responsive interfaces.
 - Implementing best practices for code quality, performance, and accessibility.
- Freelancer
 - some of projects I worked in & Tasks are available in my **GitHub account**: <https://github.com/khaledmasry0>

- **AIMUSTAQBAL**

ultimate online learning platform for teachers, students, and parents, allows teachers to upload their lectures online in various formats, such as video, audio, text, or slides. Students can access these lectures anytime and anywhere, and learn at their own pace.

skills used: HTML, SCSS, JS, Laravel's front-end capabilities

Demo: <https://almustaqbal.online/>
